

- 1) Place fixture onto a junction box and locate the (4) mounting holes in lamplate and mark on wall.  
NOTE: FIXTURE CAN BE LEVELED BY USING A SMALL LEVEL.
- 2) Remove fixture from junction box. Install wall anchors (SUPPLIED) for mounting of fixture to wall.
- 3) Make electrical connections. Push connections into junction box.
- 4) Secure to wall with fasteners provided and secure to junction box with fasteners supplied by others. Make sure the fixture is level.
- 5) Place lamps in holders.
- 6) Install lens housing.

When using electrical equipment, basic safety precautions should always be followed, including the following:  
 1) Read all instructions carefully before installing and save for future use. Make sure all connections are in accordance with the National Electrical code and local regulations.  
 2) To avoid possible electric shock, be sure the power supply is turned off before servicing or installing the fixture. Service should be performed by qualified personnel.  
 3) These instructions may not cover all details or variations. If additional information is needed, please contact Visa Lighting.
