- When using electrical equipment, basic safety precautions should always be followed, including the following:
 - Read all instructions carefully before installing and save for future use.
 - Make sure all connections are in accordance with the National Electrical Code and local regulations.
 - To avoid possible electric shock, be sure the power supply is turned off before servicing or installing the fixture
 - Service should be performed by qualified personnel.
 - These instructions may not cover all details or variations. If additional information is needed, please contact Visa Lighting.
